INDUSTRIAL BRANDS

BEARINGS - Types

- Adapters-Sleeve, Nut Washer
- Agricultural Bearings
- Babbitt Material
- Ball Bearings
- Ball Bushings
- Ball Screw Support Bearings
- Ball Transfers
- Balls-Loose
- Blower Bearings
- Bushings
- Cam Followers
- Cam Yoke Bearings
- Cylindrical Bearings
- Electric Motor Bearings
- Flange Bearings
- Hanger Bearings
- Idler Bearings
- Insert Bearings
- Journal Bearings
- Linear Bearings and Shafting
- Live Centers
- Load Runners
- Max Capacity Bearings
- Needle Bearings
- Non-Metallic Bearings
- Pillow Blocks
- Plain/Sleeve Bearings
- Radial Bearings
- Rod Ends
- Screw Conveyor Bearings
- Self Aligning Bearings
- Shaker Screen Bearings
- Spherical Roller Bearings
- Spindle Bearings
- Split Bearings
- Split Housings
- Super Precision Bearings
- Take-Up Bearings
- Tapered Roller Bearings
- Thrust Ball Bearings
- Thrust Needle Bearings
- Thrust Roller Bearings
- Turcite
- Wheel Bearings

BEARINGS - Brands

- AMI

Power Transmission Products - Types

- Adapters-Sleeve, Nut
- Acme Screws
- Ball Screws
- Bevel Gears
- Bushings
- Chain/Sprockets
- Couplings
- Elastomer Couplings
- Electrical Brakes
- Electrical Clutches
- Electrical Variable Speed Drives
- Engineered Class Chain
- Flat Drive Belts
- Gear Couplings
- Gear (Speed) Reducers
- Gear Motors
- Helical Gears
- HTD Belts/Sprockets
- Idlers
- Jaw Couplings
- Linear Actuators
- Mechanical Brakes
- Mechanical Clutches
- Mech. Variable Speed Drives
- Open Gearing
- Parallel Gear Reducers
- Planetary Gear Reducers
- Pneumatic Brakes
- Pneumatic Clutches
- Pulleys
- Reversing Drives
- Right Angle Reducers
- Rigid Couplings
- Roller Chain
- Screwjacks
- Shaft Collars
- Shafting
- Sheaves
- Silent Chain
- Speed Reducers
- Spiral Bevel Gears
- Spur Gears
- Synchronous Belts
- Tapered Bushings
- Tension Control
- Timing Belt Pulleys
- Timing/Synchronous Belts
- Torque Limiting Devices
- Transmission Belting
- Trencher Chain
- U-Joints & Yokes
- V-Belts
- Variable Speed Sheaves
- Worm Gears

Control Panel Design and Build / UL 508A Panels

EB CONTROLS
A Division of ErieTec

EB Controls - Our UL508A certified industrial control panel division of ErieTec - EB Controls offers both high volume control panel solutions for OEM's or custom "design-and-build" of "one off" highly engineering control panel solutions. We can also create a production schedule to fit your budget and meet your deadlines. Ask your sales representative for additional information.

As a UL508A Control Panel Shop you can rest assured that EB Controls standards and practices adhere to the third party standards of UL.

UL508A: the most widely accepted standard for control panels in North America.

The UL Listing mark on an industrial control panel (ICP) provides evidence to satisfy the increasing number of inspection authorities requiring third-party safety certification and your customers demanding the same. The UL Listing mark may be applied to a wide variety of designs, ranging from one-of-a-kind panels to standardized designs with only minor variations.

UL 508A

MADE IN USA

Accessories - Seals - Lubricants - Tools - Sealants - Adhesives - Types

- Adhesives
- Air Hose
- Alignment Tools
- Batteries & Flashlights
- Bearing Heaters
- Bearing Isolators
- Bearing Installation/ Removal Tools

The ErieTec Mission Statement

Our mission is to provide technical solutions that improve our customer's profitability, enhance their efficiencies, and increase their employees' safety. We invest in our most important resource, our employees, through continuous education and promoting a collaborative, problem-solving culture.

A Message from Our President:

"ErieTec is not your average industrial distributor. Instead of simply selling products, we focus on providing cost effective solutions for our customers, both MRO and OEM. We want to understand your operations and the type of applications your plant has so we can offer you the solutions that will meet your needs – and save you money in the long run. As odd as it may sound, we want to provide you more by selling you less. We have 60 years of experience with industrial solutions in the tristate area – our goal is to use that expertise to increase your safety, your efficiency, and, of course, your profit."

- Michael Ketchel, President
